

WHY CHOOSE A SENIOR?

- ★ Saving a life.
- ★ The cost of adoption is less than buying.
- ★ Many seniors are already trained.
- ★ An adult pet takes the guess work out of determining size, thickness of coat, and energy level.
- ★ Many seniors are from homes and know basic commands and are housetrained.
- ★ Seniors are grateful for the second chance they have been given and offer a lot of love.
- ★ Adult pets are used to a human schedule and will often sleep through the night and don't have demands in the middle of the night.
- ★ Adult pets want and need your companionship. They love going places and doing things with you. Always ready to be with you. They are instant companions.
- ★ Seniors improve your health. Benefits like being more relaxed, lower blood pressure, lower anxiety, lower depression and reduced chance of heart attack.
